Official team size is the average of all team sizes rounded down to the nearest whole number.

Team Score is the sum of the rank points scored by the top 27 competitors in each team.

If a team has fewer than 27 members, all their scores count.

In the event of a category tie at any rank position, the rank points are averaged (see the regulation 2.13.2 for details).

Official team size is the average of all team sizes rounded down to the nearest whole number.

Team Score is the sum of the rank points scored by the top 27 competitors in each team.

If a team has fewer than 27 members, all their scores count.

In the event of a category tie at any rank position, the rank points are averaged (see the regulation 2.13.2 for details).
