

List of Clubs Affiliated to the BMC

Climbing, hill walking and mountaineering are the principle objectives of the clubs featured in the list. They are all based in and controlled by their own members. All club applications are submitted to the BMC National Council for approval.

Nine areas form the democratic base of the BMC, and serve as local forums for discussion and debate about mountaineering issues. The clubs are listed under the relevant area, but usually accept members from other areas. There is a small number of national clubs and these are listed separately. The contact for each club listed here will normally be able to supply you with details of their club membership requirements, activities, meeting places, etc.

The list was last updated on the date printed at the bottom of the following page.

B - Club accepts beginners and novices

A - Club meets at venues that have facilities that are accessible to those with physical disabilities

Rucksack Club

Main Club Contact - Mr Farrow

Email: john.farrow@talk21.com

Website: www.rucksackclub.org

The Rucksack Club was founded in Manchester in 1902 and with a current membership of over four hundred men and women has always attracted keen mountaineers who value the company of like-minded people in the hills. Members participate in a diverse range of outdoor activities, often at the cutting edge. We hold over 150 meets each year and mountaineering, climbing and hill walking are at the heart of these.

The Club has three excellent and strategically placed huts, each with its own special character:

Beudy Mawr: at the heart of the Llanberis Pass, and a few minutes' walk from the Grochan and the Cromlech

High Moss: in the Duddon Valley at the foot of the Walna Scar track over to Coniston, and a great base for Dow & the Duddon.

Craigallan: looking out over Loch Linnhe within easy reach of Glencoe and the Ben.

The Club welcomes and encourages applications from enthusiastic men and women who can demonstrate sound experience of mountaineering and/or climbing and/or hill walking and a current active commitment to one or more of those activities. If you're interested to find out more and get to know us better, why not come along on one of our meets - maybe an evening at a local crag or a weekend in one of the huts? This is a great way of getting to know the Club and some of its Members.

Meanwhile you can immediately become an Associate Member, which provides the benefit of BMC membership (and importantly its third party liability insurance). Simply contact the Associate Members' Secretary at join@rucksackclub.org or download details from the website.

Founded in 1967, the Castle is a Sheffield-based mountaineering club, but we're not just about mountaineering. Our members undertake a wide range of activities including rock climbing, walking, trekking, backpacking, ski mountaineering, cycling, ski touring and mountain biking. What unites us is our love of the outdoors and enjoying it with others. We're a rather sociable and supportive bunch with a lot of combined experience. Many lifelong friendships have resulted from club membership.

New members are always welcome, whatever your level of experience.

Under 18's are welcome but must be accompanied by a parent or guardian.

We have a programme that covers 52 weeks of the year with weekly weekend local meets, and monthly hut or camping weekends. During the summer there is also weekday evening climbing in the Peak District.

Generally summer meets tend towards rock climbing, winter meets towards hillwalking and winter mountaineering while weekends away are a free-for-all of various activities depending on location! We also arrange to meet through our messageboard. See our website for our current programme of activities.

The Castle has a club house behind the Rising Sun on Abbey Lane, Sheffield 11 with its own indoor climbing wall. We meet on the first and third Thursday of the month from about 9:00 p.m. to discuss forthcoming meets, drink beer and have a chat. During the winter we hold regular presentations of members' activities undertaken during the year. Winter also sees regular trips to one of the local walls.

We have a nucleus of members in and around the Peak area, the rest being randomly scattered around the country, brought together regularly by our common love of the outdoors. Activities include climbing, walking, mountain biking, canoeing, winter mountaineering, cross country skiing, etc. We're a small club and as such are not able to "teach" climbing, though novice climbers will always find encouragement.

We have a programme of meets throughout the year anywhere from Lands End to the NW Highlands, and small local groups of members who make more casual arrangements for outings in their area (typically South Coast, Peak District, Yorkshire, North West). We've also ventured further afield with longer trips to the Alps, the Dolomites and Sardinia, and several of our members have walked and climbed in North & South America, Canada and Nepal.
