

BMC Improvised Rescue for Climbers on Sea Cliffs Course

Pembrokeshire, South Wales

24-25 June 2017

COURSE INFORMATION

Course Overview

This weekend will be an opportunity to learn and practise vital problem solving skills for climbing on committing sea cliffs. If you've ever thought, "What if..?" when climbing on cliffs that you can't just abseil off, this will be a valuable chance to learn to over-come such issues.

Develop the building blocks of techniques, which will strengthen your knowledge, and give you the confidence to push your own boundaries, exploring some of Britain's most exciting sea cliffs. Self-reliance has always been a cornerstone of climbing and mountaineering and these additional skills will significantly increase your safety and enjoyment in serious playgrounds. The skills gained during this course can be transferred to all types of multi-pitch climbing environments.
