

**BMC AGM**  
**Saturday 15 May 2021**

**Resolution 9 – approval of appointment of Carl Spencer as a Council Nominated Director**

**CARL SPENCER**

**Appointed on 29 October 2020 for a 3 year term**

Carl has been climbing, skiing and mountain biking for over 35 years with his early experiences in the mountains being provided by his local and university clubs. He has climbed extensively in Europe & North America with a preference towards big walls when possible or ski-touring with a split snowboard in winter. He is currently an active climber both indoors and out and is happiest with the sun on his back, a jam crack ahead of him and a full rack of cams on his waist. Together with his partner the last few years have been devoted to bringing up their two sons who also climb and have both competed on the youth circuit for the past 10 years.

He first became involved with the BMC as a contributor to the Lancashire Rock guidebook in the mid-90's and on the back of that has put up a handful new routes in the Lancashire quarries and elsewhere in the UK. He then went on to become more involved in BMC volunteering as Access Rep, Secretary and then Chair of the NW Area and also President of the Preston Mountaineering Club.

Carl has 15+ years business experience in engineering, project management and risk management within the aerospace industry followed by a further 20+ years' experience of running his own hybrid IT/software/marketing company employing 10 people. He is also passionate about the environment, climate change and the general ethics of business.
